

Interested in a career as a Physiotherapist?

19th September, 9:30-15:15, Ishbel Gordon Building

This course offers students a practical experience of what a career in physiotherapy is about, with an opportunity to engage with physiotherapists from a wide variety of clinical backgrounds as well as find about the Physiotherapy course at RGU.

WHEN: 19th September 2018, 09:30 - 15:15

WHERE: Ishbel Gordon Building , Robert Gordon University,
Garthdee Campus, Aberdeen, AB10 7QG

The workshop aims to:

- Explore what Physiotherapy is and gain insight into the range of patients that you would encounter
- Highlight and discuss the skills involved in being a Physiotherapist
- Explore and experience the diversity of Physiotherapy practice
- Provide information about what is involved in the Physiotherapy course at RGU

The day will be held within the clinical skills areas and therapy rooms here at RGU. Physiotherapy staff at RGU and local practicing Physiotherapists will provide you with unique insight into the diversity of the subject and show you how they interact with patients on a daily basis. It will be an informal setting with time for any questions you may have.
