Leadership

Experience Culture!

This is an unpaid internship. However, we highly value work our interns do, and in return we work hard to coach interns in leadership skills, teaching skills and skills in intercultural communication. These skills are transferable to many areas of life, so interns who work hard are sure to profit from the experience.

A high percentage of our previous interns who applied for the JET program have been accepted!

Make Friends!

Japanese language skills are not required, and free Japanese lessons are provided to those who would like to learn the language during the internship.

IC staff help interns find low-priced accommodations such as apartments near campus or homestays. Extra fees (key money) are not required.

You are NOT alone. We are happy to assist our interns with shopping and adjusting to daily life in Japan. If problems occur, we are there to help.
