

This week at St Margaret's Nursery

Week beginning: 5th March 2018

Literacy - the letter 'f'

1

Developing our fine motor skills making letters with beads in the playdough.

We can paint and write using feathers.

Symmetry in letters. Which letters are symmetrical?

We can think of and write different words beginning with the letter 'f'.

2

Numeracy - Symmetry

We can learn about symmetry using duplo patterns and mirrors.

We have been learning about symmetry and the different shapes we can make in the mirror.

We can make symmetrical paintings.

Number sequencing with our five little speckled frogs.

Measuring ingredients to make symmetrical flower cupcakes.

3

Health and wellbeing

This week in gym we were running shuttle races and working as a team, balancing bean bags and making different shapes with our bodies.

We explored and dissected flowers, talked about what the different parts were called and investigated them with magnifying glasses, which led onto a discussion about bees and honey.

Anything else?

Our music is now being taken by Mrs Wiederman on Friday mornings at 9am. Please can children be in nursery by 8.40 to enable them to take part.

We can paint over feathers to make feather prints and patterns.

Douglas made a 'castle' which incorporated a hospital, the Billy Goats Gruff bridge, the 3 Bears house and a church. Loose part play enables creativity and problem solving whilst encouraging imagination and endless opportunities.

We are delighted to be able to share with you a video of the nursery nativity, which you can view here:
