

This week at St Margaret's Nursery

Week beginning: 3rd September 2018

All About Me

Drawing pictures of ourselves. Looking in the mirror to see what we look like.

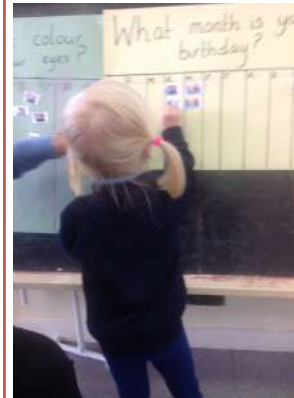

Drawing around our hands.

Drawing pictures of our families.

What colour are your eyes?
We have been using mirrors to help us find out about our features.

What month is your birthday?

'Who can you see?'
guess the person game

Fun with Apples

The apples have started falling from our apple tree into the mud kitchen and, although they come in handy for making mud kitchen apple pies, there are so many, we decided to use them for painting.

We can make prints and patterns using the apples we collected.

We were able to count the apples, sort them by size and draw our findings.

Anything else?

We have enjoyed using the 'tap tap' board this week. We were even able to take pictures of our own creations.

Team-work at the painting easel.

We love it when the children enjoy being helpers.

What is better than wearing dressing up clothes, beads and a bucket of soapy water?

We made 'edible' cocoa slime as an experiment. This is something that may take some practise.

What will we be learning about next week?
All about Me, All about Maths,
