

This week at St Margaret's Nursery

Week beginning: 13th May 2018

Wee Green Spaces

1

At Wee Green Spaces this week the children worked as a team to decide which tree would be our safe tree and tied a ribbon around it. Some children decided to dig in a hole and found a worm. We made a

swing, played some games and chose to have our snack in the tent or in the sun.

We enjoyed gym outdoors this week in the playground.

2

The nice weather has been great for the mud kitchen. We have been making lots of lovely soups and serving ice creams. We would love to hear your ideas to develop our mud kitchen.

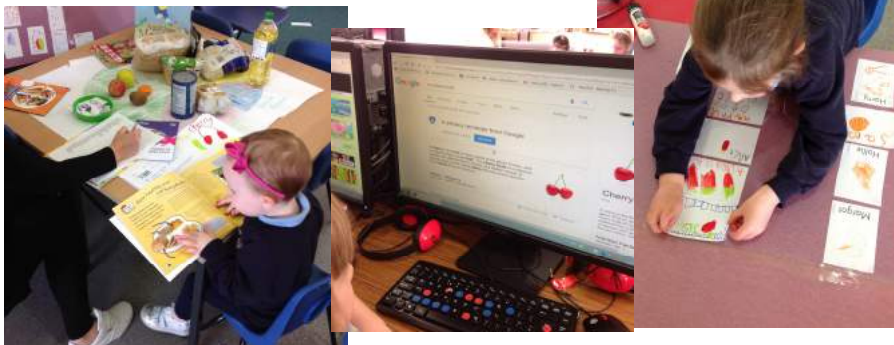

The children had a lovely transition session this week spending some time in the 1 Junior classroom, eating together in the dining hall and spending time outside with the older girls.

3

Grow Well Choices Eat Well Together

This week we continued our Grow Well Choices Eat Well Together topic. We investigated what were fruits and what were vegetables. We drew our favourite fruit or vegetables and made a chart. We played the Greedy Gorilla game and talked about what foods are healthy to eat.

We made our own bread to go with the soup which we ate outside.

Grow Well Choices Eat Well Together

Vegetables have been the theme of the week

both in the water tray with pans, vegetables, stock, jugs and spoons and making our own.

Anything else?

We were delighted to be invited to go to the Lemontree on Friday to watch the Junior show 'Seussical the Musical'.

Ann from the Child Smile team came in to chat to us about Oral Health and healthy eating.

What will we be learning about next week?

Eat Well Together, the letter 'y' and money
