

This week at St Margaret's Nursery

Week beginning: 26th March 2018

1

Numeracy and Literacy

Our paired reading with 2 Junior has now moved to a Monday morning. It is such a great opportunity for both groups of children and offers opportunities to develop so many skills.

This week the children have loved the addition of a shop in the nursery. We decided to visit the local shops to learn more about signs, prices and what other items we might need in our shop.

Copying and recreating egg patterns whilst developing fine motor skills, problem solving and perseverance.

2 Health and Wellbeing

This week in gym we played 'stick in the mud' to warm us up, then practised hurdle jumps.

We made delicious Easter biscuits.

Easter fun at dancing for the end of term: keeping in time with the music, skipping, side gallops and filling our Easter baskets with eggs and rabbits.

Our nursery children love being the snack helpers. The children clean the table, fill the jugs with milk and water, wash and prepare the fruit and ring the bell to let everyone know snack is ready.

Science and investigation

We discovered that a raw egg left in vinegar for 1 week, loses its shell, turns white and bounces!

Can you blow the insides out of an egg? We can! Look at how fast it came out!

Wee Green Spaces

The highlight at Wee Green Spaces this week was definitely the puddles! With our waterproofs and wellies the children had lots of fun exploring the puddles and working out how deep they were. We had snack in our new 'bothy bag' tent.

Anything else?

On the computer we were able to boil an egg, dye it, decorate it, choose a basket and write a label with the name of who it was for. This activity used quite tricky mouse skills and helped us with sequencing.

Eggs have definitely been the talk of the nursery; we are even cooking eggs in our mud kitchen! Fried eggs anyone?

Practising our balancing skills outside with egg and spoon circuits.

We made our very own St Margaret's Humpty Dumpty using all the shells from our egg experiments.

We were delighted to welcome Mrs Wightman and 4 week old Elodie into nursery.

Wishing you a very Happy Easter holiday. We look forward to seeing you all refreshed on Monday 16th April.
